

CRUISER NEW ZEALAND TAKES PART IN BATTLE OFF COAST OF GERMANY

LONDON, August 29.—(Associated Press by Federal Wireless).—Yesterday was a day of successive victories for the British navy in three seas. In the North Sea the British cruiser squadron fought a successful engagement with the German cruiser squadron. In the Adriatic a British destroyer fought a duel with an Austrian destroyer and came off victorious, while in the China Sea, another British destroyer sank a German warship of the same class.

NEW ZEALAND PARTICIPATES.

In the North Sea engagement Rear-Admiral Sir David Beatty, in the flagship Lion, with three more battle cruisers, the New Zealand, Queen Mary and Princess Royal, the protected cruiser Amethyst and torpedo boat destroyer Laertes, defeated the German squadron, sinking the Mains and another cruiser of the same class. The sunken German ships were protected cruisers of 4350 tons carrying a main armament of twelve 4.1-inch guns. The Amethyst, which was damaged in the battle by the German fire, is a cruiser of the same class and carries the same armament. The British destroyer Laertes also suffered in the engagement, but the reports sent to London state that the British loss of life was small. A cruiser carrying the wounded is making for port. The fleet under Admiral Beatty was commanded by Rear-Admirals Moore and Christian, and Commodore Goodenough and Tyrwhitt.

One German cruiser on fire after the battle, disappeared in the drifting fog.

BATTLE OFF CHINA COAST.

In Chinese waters the British destroyer Welland engaged the German destroyer S 90, the engagement taking place off Chefoo. The German was hit and sank with her crew.

In the Adriatic, according to a despatch to the Central News Agency from Brindisi, Italy, a British destroyer sank an Austrian destroyer in an engagement that lasted only ten minutes.

German shipping in the Far East has also suffered, the steamship Frisia, of 3150 tons, the steamship Hannam, and the steamship Paklat having been captured by British gunboats and taken to Wei-Hai-Wei as prizes.

FIRST WOUNDED ARRIVE.

SOUTHAMPTON, August 29.—(Associated Press by Federal Wireless).—Yesterday the first hospital ship arrived from France, bringing two hundred wounded British soldiers. Nearly all had been injured by shell fire.

VESSEL SUNK BY MINE.

LONDON, August 29.—(Associated Press by Federal Wireless).—While engaged in trawling about thirty miles off Blythe, Northumberland, yesterday, a small Scotch boat struck a German mine and was destroyed. Only five fishermen managed to reach land in safety.

CAILLAUX IS WOUNDED.

PARIS, August 29.—(Associated Press by Federal Wireless).—Romaine D'Allevy, who won against Caillaux for a seat in the chamber of deputies, and who later fought him a duel, is among the wounded in Belgium.

HEAVY PENALTIES IMPOSED.

LONDON, August 29.—(Associated Press by Federal Wireless).—Dispatches from the Antwerp correspondent of the Exchange Telegraph says the German military government has designated as hostages Ernest Solkey, a rich Belgian, upon whom a tax of \$2,000,000 was imposed, and Baron Lambert Rothschild, who is held for a payment of \$2,000,000.

PLAN MARCH TO BERLIN.

PARIS, August 28.—(Associated Press by Federal Wireless).—A Russian attaché says that more Russian armies are preparing to cross the Vistula and march toward Berlin.

LONDON, August 28.—(Associated Press by Federal Wireless).—The St. Petersburg correspondent of the London Post says that the Germans have enormously multiplied the natural difficulties against the Russian advance further into East or West Prussia.

The many marshes inside the German border are sown thick with rifle pits from which marksmen shoot at the Russian soldiers. Frequent redoubts of felled timber have been erected. Everywhere there are formidable wire entanglements.

No definite information is obtainable as to how many army corps Germany has assigned to the task of defending her frontier on the east. Perhaps there are seven, perhaps five. Of these, three are retreating on the stronghold of Königsberg, one is in full flight towards Osterode and all four are declared to have flung away arms, ammunition and food in the retreat.

All of East Prussia is said to be panic-stricken by the Russian successes.

RUSSIANS CAPTURE TOWN.

The Russian ambassador has been advised by his government that the Russians have occupied Allenstein in East Prussia, repulsing the Germans, who brought up reinforcements for the battle. In Galicia the Russian advance continues. One Austrian regiment opposing the advance is reported to have been decimated.

Japanese Cruisers Draw Fire of Tsingtau Forts

TSINGTAU, August 28.—(Associated Press by Federal Wireless).—Two small Japanese cruisers hovering close to the German naval base and port of Tsingtau yesterday drew the first fire from the German guns. Several shells fell about the ships and it is reported that one found its mark. The cruiser fired one return shot and then withdrew.

TYPHOON SCATTERS FLEET.

TOKIO, August 28.—(Associated Press by Federal Wireless).—The failure of the first squadron of the fleet sent against Tsingtau to reach its destination as expected was explained today when reports were sent in that a typhoon overtook and scattered the torpedo flotilla. Five sailors were lost.

Germans Claim Victory In Battles on Frontier

LONDON, August 29.—(Associated Press by Federal Wireless).—Reports of German advances on land and British victories at sea marked the news despatches yesterday. The Germans issued a claim of a decisive victory over the Allies in the day's fighting in Belgium, claims which the British war department denies and which are not confirmed by despatches from Paris or Antwerp.

The Berlin despatches state that the Allies have been outmaneuvered and outfought along the Belgian-French line, with the possibility that the forces along the Meuse and Sambre would be surrounded as a result of the German flanking movement. The Germans have cut the communication between the Allied army operating in Belgium and the main French army operating against the Alsace-Lorraine frontier and are prepared to smash each army in detail, leaving the Germans free to repel the Russian advance.

An announcement made at the German embassy at Washington, received by wireless from Berlin said that the Allies are in full retreat after nine days' battling. General von Kluck, who drove the British forces from their position at Mauberge, attacked the British lines in Belgium yesterday and threatens to outflank them. Berlin is exulting over the reverses of the British, the reports of German victories over them being regarded as more important than news of further advances toward Paris.

VICTORIES OVER ALL.

Further Berlin despatches say that Generals von Buelow and von Hausen have completely defeated eight French and Belgian army corps between the River Sambre and Namur River, and are now pursuing them east of Mauberge.

Four Belgian divisions sent from Antwerp to oppose the strong German advance are reported to have been repulsed, the Germans continuing their course. The Belgians lost many guns and prisoners. The Germans have bombarded the town of Malines, near Antwerp, destroying a number of monuments. The town has not been entered according to the correspondent of the Reuters Agency in Ostend.

UNCHANGED, SAY-FRENCH.

At Paris, the French war department states that the situation along the entire front from the Department of Somme to the Vosges mountains remains unchanged.

French troops took the offensive yesterday between the Vosges mountains and Nancy, where fighting has been in progress for a fortnight. The Germans lost heavily, especially at Longwy, where one battalion surrendered after being imprisoned by French troops for twenty-four days.

The German forces appear to have slackened their march. Both sides are fighting exhausted from the furious fighting. The losses have been appalling, especially the Germans, who have been assaulting fortified positions. A German prisoner relates that the 12th and 142nd infantry regiments were decimated. But sixty men remained, and these were formed into one organization.

BRITISH OPINION.

British opinion, as expressed in the newspapers and announcements made officially, does not bear out the Berlin reports. Earl Kitchener, secretary of war, announced that another British force was on the way to the Continent to further reinforce the French, while Premier Asquith, speaking in the house of commons on the meeting of the German and British troops on Wednesday, declared that the losses among the five German army corps which had attacked the British in Belgium were heavy. The British, said the Premier, behaved admirably in the face of the enemy.

LOOK FOR ADVANTAGES.

The military critic of the London Times predicted victory for the Allies in the engagement under way. "We have every right," he said, "to expect to win decisively today. If not, we must abandon the northern coast bases and shift to Havre or Cherbourg. The Germans will establish aircraft stations in any port they capture."

ADVANCE DRIVEN BACK.

The London Express prints despatches from the front to the effect that the Germans have forced a way past Charleroi and seized the bridge over the Namur at Marchiennes. An advance was made here, the Germans breaking through the French lines on Thursday. Later the Allies rallied and drove back this advance, closing up the gap and resuming their positions. "Nothing in the news from the front indicates that the Allies' line has been outflanked between Mons and Conde," adds the Express.

Mons is the Belgium city marking the north end of the line of the Allies, Conde being south of the French border.

NAMUR STILL HOLDS OUT.

PARIS, August 28.—Two Belgian army motorcyclists who have recently left Namur say that the majority of the forts are still holding out against the Germans.

Wounded French soldiers say that the German infantry fire is inferior. The quick-firers, they say, are splendidly served but the French 75-millimeter fieldpieces put them out of action two minutes after they are unmasked.

First Canadian Regiment Leaves Montreal For Front

OTTAWA, Ontario, August 29.—(Associated Press by Federal Wireless).—The first Canadian regiment sails from Montreal today for the scene of the fighting in France and Belgium. This has been named the Princess Patricia Light Infantry, with which is also being sent a force of field artillery with eighteen guns. The force is now on board the troopship.

Yesterday the Princess Patricia Infantry was reviewed here by the Duke and Duchess of Connaught and their daughter, the Princess Patricia, for whom the regiment is named.

This regiment was raised and outfitted by R. B. Bennett, a member of the Canadian parliament, representing the city of Calgary and Hamilton, a Montreal millionaire.

Of the eleven hundred men in the regiment, one thousand wear medals showing previous service in South Africa, the Philippines and Cuba. Prominent among the privates is Jack Munro, the pugilist.

CANADIAN TROOPS DELAYED.

OTTAWA, August 29.—(Associated Press by Federal Wireless).—News of the naval battle off Heligoland has aroused apprehension among Canadian military authorities, just as the troopships were about to be dispatched to England. It is feared that some of the German cruisers may have slipped past the British fleet during the engagement. The first Canadian contingent is to sail today. Between 20,000 and 25,000 men more will be dispatched within two weeks, conveyed by cruisers and a torpedo boat destroyer flotilla.

Military drill will be carried on actively this fall throughout Canada to fill gaps in the army in the field and to prepare for home defense.

GERMANS ATTACK CONGO.

PARIS, August 28.—(Associated Press by Federal Wireless).—German troops are attacking Belgian Congo, according to reports received here. British and Belgian troops are jointly resisting them.

GERMANS MAY SEIZE ART MUSEUM

Kaiser's Commander in Brussels Threatens to Take Treasures Unless War Levy of Forty Millions Is Paid by Belgium.

LONDON, August 29.—(Associated Press by Federal Wireless).—A Reuter despatch from Ostend says that only \$200,000 of the war levy of forty millions demanded by the German commander from the city of Brussels has been paid. The Germans threaten to seize the collection of Flemish masters in the Museum of Old Paintings, the rare books and manuscripts in the Palace de l'Industrie and other treasures of the capital's museums, if the full levy is not immediately paid.

ANTWERP, August 29.—(Associated Press by Federal Wireless).—Louvain, a city of forty thousand people, fifteen miles east of Brussels, has been razed and burned by the Germans. In an official statement by the Belgian minister of foreign affairs it is said that a German army corps, repulsed by the Allies on Tuesday, withdrew in disorder on Louvain. German guard posts there mistook them for Belgians and fired on their own countrymen with deadly effect. Despite the denials of the citizens of Louvain, the Germans, in order to cover their mistake, pretended the inhabitants had fired upon the soldiers. As a matter of fact, the statement continues, the inhabitants of the town, including the police, had been disarmed for a week.

Without inquiry the German commander ordered the town destroyed immediately. The inhabitants were ordered to leave. Soldiers with bombs set the city on fire. During the razing of the place several notable citizens were shot. St. Peter's Church, the university buildings, the library and scientific establishments were burned. Louvain is now in heaps of ashes.

ACCORDING TO PLAN.

BERLIN, August 28.—(Associated Press by Federal Wireless).—Dispatches from Belgium state that Belgian civilians persistently attacked German soldiers at Louvain. In accordance with the plan of repressive measures, the Germans razed the city. An official announcement says that on account of general participation by the Belgian populace in the fighting in the vicinity of Mauberge and other points, "severe repressive measures" were necessarily taken by the German military commanders.

AGAINST INTERNATIONAL LAW.

LONDON, August 28.—(Associated Press by Federal Wireless).—The Belgian minister to the United States has formally protested in the name of his country, the burning of the town of Louvain by German forces. He declares that it is a violation of international law and the laws of humanity, CLAIMS RED CROSS VIOLATED.

WASHINGTON, August 28.—(Associated Press by Federal Wireless).—France has submitted to the United States and other neutral countries a sworn statement that a German officer at Moncal on August 15 killed two Red Cross nurses and wounded another. Marcel Jany, the wounded nurse, has made an affidavit to this effect and also that all were their insignia conspicuously displayed.

WAR DIVERTS CHINESE

EGGS FROM MAINLAND

SEATTLE, August 29.—(Associated Press by Federal Wireless).—The importation of Chinese eggs has ceased since the beginning of the war. Russia and England are taking the entire supply. Great quantities had been sent here formerly.

A COMMON ERROR

The Same Mistake Is Made by Many Honolulu People.

It's a common error To plaster the aching back, To rub with liniments, rheumatic joints. If the trouble comes from the kidneys, It's time to use Don's Backache Kidney Pills.

Here is convincing proof of merit. Dr. H. Green, physician, 215 N. Ninth St., N. Yakima, Wash., says: "I have now been practicing medicine for over fifty years, and ever since Don's Backache Kidney Pills came to my attention have prescribed them to my patients. They have never failed in any instance that I have used them; in fact, the promptness in which they overcome kidney disorders is deserving of great credit."

"For any form of kidney trouble, backache, dull pains through the loins, kidney stones and gravel, dropsy, rheumatic pains, weakness of the bladder and inability to hold the secretions, Don's Backache Kidney Pills are the best medicine that can be used." Don's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes, \$2.50), and will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands. Remember the name, Don's, and take no substitute.

OFFICER DROPPED FROM ARMY ROLLS

Fails to Pay Debts as Directed by Department and Then Disappears.

20,000 Women, All In Black, March in Anti-War Parade

NEW YORK, August 29.—(Associated Press by Federal Wireless).—Twenty thousand women of all races and classes, garbed in black as a protest against the war in Europe, joined in a monster parade through the downtown streets yesterday. There was no music, excepting that of muffled drums. Mrs. Henry Villard, long known for universal peace work, carried the peace banner.

In response to a suggestion two weeks ago, the parade was arranged by the Women's Political Union, which offered the use of its Forty-fifth street offices for the executive work and the services of Miss Lillian Deaver to take charge. Miss Deaver was assisted by Mrs. Harriet Stanton Blatch, Miss Lillian Wall and Dr. Anna Howard Shaw, who suggested the black garb. Thousands of appeals were sent out to women who responded on every hand and participated in yesterday's parade. Women were asked to march as wives, mothers, sisters and daughters as a protest against the wholesale slaughter of men. The movement had no political significance. Anti-suffragette women were especially invited.

Prominent women who assisted in the demonstration stated that they realized the parade was but a feeble protest but as the only way in which women could show their feelings all should take part. President Wilson on First Summer Vacation.

PRESIDENT WILSON ON FIRST SUMMER VACATION

WINDSOR, Vermont, August 29.—(Associated Press by Federal Wireless).—President Wilson began his first summer vacation here yesterday. It was made the occasion of a family reunion, to celebrate the birthday of his daughter Jessie, now Mrs. Francis B. Sayre.

HAWAII TO SEND 125 DELEGATES TO MEETING

The joint committee of representatives of the Ad Club, Commercial Club, Hawaii Promotion Committee and Chamber of Commerce of civil federation met yesterday and discussed the number of delegates to be allowed each organization. There will be a total of 125 delegates from this island. C. G. Buckles said that sixteen members of the Commercial Club have indicated that they will go to Maui. These sixteen said that they may, or will, shall, expect to, will probably, or have promised to go. None of the other organization has settled what their quota is to be.

Charles G. Heiser, Jr., said that the Ad Club will send a strong delegation. There was considerable discussion as to arranging steamer accommodations for the Kauai delegation. Secretary Raymond C. Brown was authorized to find out what the average cost per delegate will be for the round trip, and also whether there will be accommodations for the wives of delegates on this trip. There will be another meeting early next week, at which time the special program committee of four will report on speakers, and subjects for discussion.

SAN FRANCISCO, August 29.—(Associated Press by Federal Wireless).—The navy department has issued orders for the three submarines of the "H" group and the mother ship Cheyenne to be dispatched to Honolulu to join the submarine flotilla of the "F" group. The H submarines form the second submarine division, which is under command of Lieutenant Harry M. Jensen. The tender Cheyenne is commanded by Lieut. Kenneth Heron, and the commanders of the H1, H2 and H3, respectively, are: Lieutenant Henry M. Jensen, Ensign Howard H. J. Benson and Lieut. William R. Munroe. The second submarine division is now at Bremerton. Remember the name, Don's, and take no substitute.

PROTESTS IN BEHALF OF CLEMONS

Executive Committee of Bar Association Cables McReynolds Asking Grounds for Proposed Removal of Judge — McGarr Blamed for Trouble.

Washington, D. C., Aug. 28.—"Sutton, Secretary Bar Association." "McReynolds asks resignation because of criticism as to my ability to preside in court. Though I am completely courteous, McReynolds feels that he cannot do a close source of his information or the exact details of the criticism. I would greatly appreciate an expression from the Bar Association regarding my record and ability to conduct trials." CLEMONS.

(From Saturday Advertiser.) This cable to the Bar Association of the Hawaiian Islands from Judge Charles E. Clemons, second judge of the United States district court in Hawaii, was received yesterday afternoon by E. White Sutton, secretary of the association. A meeting of the executive committee of the association was called immediately, among those present being Attorneys George A. Davis, president; E. White Sutton, secretary; Clarence H. Olson, Frank E. Thompson, Alexander D. Larach and Robert W. Breckins.

Protest Is Cabled. The president and secretary of the association were directed and authorized to cable immediately to the attorney general of the United States the message, which was sent, reading as follows:

"Honolulu, August 28. 'Attorney General, Washington.' 'Executive committee of Hawaiian Bar Association protests against resignation of Judge Clemons. Meeting of association called for Monday to consider matter. Respectfully request by cable particulars of grounds of removal.' 'GEORGE A. DAVIS, President; E. W. SUTTON, Secretary.'

A message was also sent to Judge Clemons informing him of the action taken by the association. The message will be a meeting of the association Monday afternoon at four o'clock and every member in the city is expected to attend.

A cable to the afternoon paper stated that Judge Clemons had been yesterday in conference with Attorney General McReynolds, who is about to become a member of the United States Supreme Court and will be succeeded by Watt Gregory. Judge Clemons had not seen the President and no decision had been reached as to the judge's resignation. The indications were, however, that Judge Clemons would not be retained, stated the cable dispatch.

Resignation Requested.

A day or two previous to Judge Clemons' recent departure for Washington he received a cable from Attorney General McReynolds asking him for his resignation, forthwith. The message explained that in asking for the judge's resignation no reflection was cast on his character, ability or integrity; and that it had nothing to do with the charges preferred against him. It was inferred, from the tone of the message, that the attorney general's department requested Judge Clemons' resignation solely on political grounds. These who are on the inside of the question know well, however, that the attempt to remove Judge Clemons is entirely attributable to the celebrated Hawaiian case.

Judge Clemons declined to resign "forthwith," and immediately cabled to Mr. McReynolds, soliciting a personal interview and asking that he be granted a leave of absence, to go to Washington. This was granted and Judge Clemons left for Washington.

Cables Local Friends That the Revolution in China Is Well Under Way.

According to news published in the Liberty News, the local Chinese revolutionary organ, the revolution promised in China has begun, and there has been fighting in three provinces of the south. The news published by the Liberty News is said to have come direct by cable from the Tokio headquarters of Sun Yat Sen, who is engineering the outbreak against Yuan Shih-kai.

According to these cables, the revolutionists rose in Yunnan province on the fifteenth and seized the Governor, Tang Kiyu, whom they promptly put to death. Then they marched against the regular troops, and what few of these did not join with the Sun Yat Sen men were defeated and driven north.

As soon as word of this reached the revolutionist headquarters in the provinces of Hoonan and Kwangtung, these sent out the word and there were uprisings in both districts. The last heard from South China, reports the Liberty News, the revolutionists were organizing for a general revolution, having seized a large quantity of arms.

TREATMENT FOR DYSENTERY.

Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil will effectually cure the most stubborn cases of dysentery. It is especially good for summer diarrhoea in children. For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.
